SUIT INVOLVES AN INCREASE IN WATER RENTALS HERE

Suit Brought Against Maysville Water Company Asking Return of Excessive Rental Charged—Plain. City Intends to Fight Case.

Attorney A. D. Cole brought suit in the Mason Quarterly court Tuesday for Mr. Harry C. Curran against the Maysville Water Company asking the return of seven dollars alleged to be an excessive charge made for water rentals by the company against the plaintiff who is a user of city water.

In his petition the plaintiff states that for years he has been charged a rate of \$21 and that without changing the amount of water consumed, the water company at the last payment charged and collected from him a rate of \$28 for the identical same service. The suit is for recovery of the seven dollars alleged to be excessive charges.

While the suit involves only a small amount of money, it affects a large number of people in Maysville as it is understood that rates have been increased considerably throughout the city during the past half-year.

Mr. Curran said Tuesday that he intended to fight the case through to a final settlement and in this case there will be much interest taken as quite a number of other people contend that their rates have been raised by the company.

SOCIAL WELL ATTENDED.

The Hallowe'en social given by the Epworth League of the Third Street M. E. church Monday evening drew a large crowd in spite of the hard downpour of rain. The decorations were indeed to be the most unique the church has ever had. The "big fun" was the "chamber of horrors" through which all were required to pass. And they will not soon forget what they saw and felt there. Just mention it to anyone who passed through, and they will shiver at the thought. But everyone enjoyed to the full the entertainment. A large brass and reed orchestra enlivened the evening with choice music, and most delectable pumpkin pies and coffee were served.

BIG SHIPMENT OF COAL AND STEEL LOCKED THROUGH

The wonderful advantages of the river dam is already showing itself. Monday night and Tuesday six large fleets of barges of coal and steel, running from eight to a dozen barges each are being passed through the locks. This would fill from 12 to 20 large trains of cars. But for the dam at this time this would not be passing by river. We surely have great things ahead in river freighting and in the consequent benefit to all our Ohio River cities.

ARCHDEACON'S STORE AT GRAFTON, W. VA., ROBBED

Native Maysillian In Business at Grafton Loses \$1,000 in Merchandise By Theft in Store.

The following from the Grafton (W. Va.) Sentinel tells of the robbery on last Thursday of Mr. William Archdeacon's store at that place:

Robbers who last night entered the clothing store of William Archdeacon on Latrobe street and succeeded in making their escape with merchandise valued at \$1,000, are being hunted today by local police authorities and a representative of the Fredonia Detective Agency of Wheeling. Bloodhounds, which were brought her from Fremont this morning shortly after the robbery was discovered by employees who came early to open up the store, failed to pick up the trail of the thief after searching for about half an hour.

The robbery was one of the most daring that has ever been accomplished in this city. Entrance to the building was made through front window in the small apartment over the alley between the store and Dr. Borden's confederacy. A long iron pipe was placed to the window. It is thought, and the thief apparently had climbed up to the window which then broke, unlocked, and opened. Prints of their fingers on the window glass and \$25 were taken this morning by authorities and may be of possible assistance in running down the outlaws.

UNDERGOES SERIOUS OPERATION.

Miss Gertrude Lowe underwent a very serious surgical operation Monday and is reported as getting along quite satisfactorily.

The Orangeburg Christian Church will give a social next Saturday night, November 5th. Cakes, cream and pies will be served. Out of courtesy to the Methodist revival the supper will not be served during the hours of their service. Candidates invited.

Winchester, Cynthia and Lexington became more entangled Sunday evenings arriving at a champion of the Blue Grass when Cynthia defeated the Lexington Reos at Cynthia on 11 to 1 score.

All three clubs rave refused to acknowledge the Maysville club as champions for various unknown to them, nevertheless, we cannot be deceived by the name of this club as it is the only club in this city.

THIRD STREET GROCERY STORE ROBBED MONDAY

Thieves Gain Entrance To Winter Grocery Store By Breaking Through Rear Door.

Some time Monday evening thieves entered the M. O. Winter grocery store adjoining the Public Ledger building in Third street by breaking the rear door and then breaking the glass in the door proper and lifting the heavy beam used to secure the rear entrance.

The thieves ransacked the entire store and went through the large safe which was left unlocked and contained nothing but papers and books. One drawer in the safe to which the owner had no key and which had not been opened since he owned the safe, was broken open but there was nothing in it.

Despite the very disagreeable weather Monday evening, there was a splendid representation of the local business interests at a mass meeting held at the Council Chamber. At this meeting Messrs. J. N. Kehoe and Stanley F. Reed explained the proposition thoroughly to the businessmen showing them their vital interest in the success of the farmers' undertaking and securing their pledge of support.

Mayor Russell will issue a proclamation proclaiming Thursday a City holiday and the majority of the business men will co-operate with the farmers in this forward movement by lending them all the assistance possible in the movement.

IMPORTANT MEETING.

The regular monthly meeting of the First District Parent-Teachers' Association will be held Wednesday afternoon at 3 o'clock instead of the usual time which should have been Friday week.

of importance is to be transacted and the votes will be taken for the prize, which is to be a cash prize of \$2.50 to be given to the room having the most members present, and to be used to buy something needed in that room.

ENDORSED AT HOME

Such Proof as This Should Convince
Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pill. Read it.

D. S. Stont, 22 East Second street, Maysville, says: "Just after my recovery from pneumonia, my kidneys began to give me trouble. My back had a steady dull ache and it hurt me to breath. My eyes would get puffy underneath. I knew my kidneys were in bad shape and something would have to be done to check the disorder so I got a box of Doan's Kidney Pill and began using them. It didn't take long to rid me of my trouble. I take pleasure in recommending Doan's Kidney Pill."

SIMPLE MEASURES PROTECT YOUNG TREES FROM RODENTS

Although winter weather reduces the amount of damage done to trees by insects it brings snow and sleet which make it possible for field mice and rabbits to girdle young trees without the knowledge of unsuspecting owners and cause losses almost equal to those from insect pests, according to orchard specialists. Fruit growers can prevent this injury and reduce the losses caused by these rodents by placing corn or tobacco stalks, newspapers of woven wire netting about their trees before winter arrives, specialists at the College of Agriculture say. Keeping orchards free from rubbish and weeds also has been found helpful in reducing the damage done by rodents.

Despite the fact that this original cost is greater than that of corn or tobacco stalks, woven wire netting is the most practical means of protecting trees since it can be used for from five to eight years while the corn or tobacco stalks or newspapers must be replaced each year. A piece of woven wire 18 inches high and from 18 to 24 inches long when bent around the tree and fastened to the ends will stand out far enough to protect the tree and give sufficient room for the

tree to have several years growth. The mesh of the netting should not be larger than one inch. In case a deep snow falls during the winter the tree may be protected by drawing up the cylinder of wire and packing the snow at the base of the tree. This is done to protect the tree from the mice which do their work under the crust of snow and the rabbits which work on top.

If used these should be tied about the trunk of the tree, the stalks being stood on end. It is necessary to remove these in the spring since they furnish a excellent hiding place for insect pests. Commercial rabbit paints also may be used a repellents in preventing girdling of trees by rodents.

It is estimated that there is \$750,000 wasted in a day in men's ready-made clothing industry, due to there being too many models and cloth styles for the demands of the public.

New York. — Fall shopping is at its height. From four to five the Avenue is crowded every day with those who have already bought and are showing off their new possessions, and those who are on the external look for "just what I want." Even if the day is warm the lady of a new coat with choking fur collar is not deterred in her purpose to appear in the afternoon promenade. The windows become lovelier every year. The art of window decoration become more and more refined. The study put into the various schemes is astounding. Here will be a classical stone background, temple like, to give setting to the single model swathed in a luxurious chinchilla wrap. Over there rich hangings of purple velvet a glow from the amber lights in tall standards form, background for sheer little blouses of delicate fabrics. The high class trade require this sort of thing, and it certainly is effective, yet when I went over to another avenue not very far away I found another crowd about? The ever present divorce pro-buying with the same zeal. The win-bien. The title, "A Bill of Divorce

dows were not so lovely, but the attempt was there — more artificial flowers and roccoco effect, but the same idea of showing off as New York loves to do.

—NY—

It is not likely that the high sounding name, Mr. Donald Robert Perry Marquis, would be identified with anything so gauche as "The Old Soak" and yet that is our Don Marquis, one of the rarely good columists in New York. D. Appleton & Co., have issued another book under this grand name entitled "Carter and Other Poopis" which gives full opportunity for his abilities as a satirist, psychologist, essayist, poet and what not. Humor with Mr. Marquis amounts to a philosophy of life, and these stories help to make it an excellent solution for the complexities which so often beset one.

—NY—

We have a play on the boards now where the action unfolds in the year 1933. And what do you suppose it is? I went over to another avenue not very far away I found another crowd about? The ever present divorce pro-

buying with the same zeal. The win-bien. The title, "A Bill of Divorce

ment" is not too apt for our audiences, and yet the author, Clemence Dane, refends it as being from the Moselle wine as described in the twenty-fourth chapter of Deuteronomy—but then a little thing like that won't trouble the average New Yorker. The important thing is that it is really a remarkable play, written with poignancy and conviction and excellently acted. The cast boasts of Janet Beecher and Allan Pollock, both well known and capable, but it is one Katherine Cornell who has completely won over her way into the affections of theater goers here, by giving an memorable performance which no supporter who draws the same enthusiastic crowd that this most engaging speaker gets and holds a girl may hold ten years from now and it this is the promise, personally I am content to see my young sister grow up.

—NY—

We no more get with the World "Series", and get baseball in both halves for the winter, than New York becomes the clearing house for that sport of brawn and spirit concerned with the oval shaped ball. The ball-way stations on any Saturday are slimly glorified college town depots. One may see the college widow, the cheerleader, the yowling sophomore, and every college figure, the whole seasoned with a lively sprinkling of the old grads, who, let it be told, are much more ridiculous than the younger generation, scurrying about the stations, banners, chrysanthemums and all, on their way to the big games being played out here now. In addition we have the Army and Navy officers in their smart uniforms vying with brokers and merchants to make the early trains and take their places in the

cheering sections, and root for the old alma maters. This place does stay somehow for all its sophistication.

—NY—

If the Outside public has forgotten William Travers Jerome, he of the famous for the relentless prosecution of Harry Thaw, let it be told that he has "come back." He has literally taken off his coat in the interests of Henry H. Currin, Republican-coalition candidate for Mayor of Gotham town. He is hero with the old fire and Mr. Flynn has no supporter who draws the same enthusiastic crowd that this most engaging speaker gets and holds a girl may hold ten years from now and it this is the promise, personally I am content to see my young sister grow up.

—NY—

We will always love a hero. There have been so many of them lately, that one seldom stopped in the winding of his way to watch a mere parade where some grand somebody was receiving the honor due him. But heroes are in style again in these parts. In the last week we have had the jaunty sea dog, Admiral Beatty, and an added attraction in his rich and charming American wife, she of the Fieldhouse of Chicago; the intrepid General Diaz, the war idol of Italy; and the unofficial Venizelos of Greece, recently out of power in his own country, but done the compliment of representing the little land at the Conference on the Limitation of Armament. We have paraded for them, given the freedom of the city away almost lavishly, run up the flags, and best of all been most happy doing it. Mr. Carlyle was right. All the world loves a hero.

THE HOME TOWN.

We live in this town because we believe in it. We believe in it because it is a good town, regardless of its few defects and its people are the peers of those to be found anywhere.

This town may not have the wealth of some more favored communities, but it has character, and character is a possession which can not be purchased with gold.

If you believe in your home town you will like it, and if you like it no effort toward its improvement will be too great for you.

Again we ask you to have faith in your own powers; to also have faith in your own town.

When you feel like criticizing it, check the thought before it is spoken. You can always find something good to say instead, and even then the half of the truth will never be told.

It is a good town now, but faith, loyalty and united action, will make it a better one.

Our faith in this town, brother, is simply faith in you, because the town is a collection of yours.

HENDERSON IS BURNED.

Henderson, Ky., Oct. 31.—Fire early yesterday destroyed the Miller & Board loom leaf warehouse and contents, causing an estimated damage of \$60,000. Saturday night a hollow-skating rink party was held in the warehouse and the theory is held that the fire started from a lighted cigarette that had been thrown on the floor. The loss is covered partially by insurance.
